

Be Different... Think Ahead and be Ahead...

Obtain World-Class Education and Gear up for Global Career Opportunities

Stay at home in the Philippines and participate in international education. You can now have an affordable international Australian educational experience with equally high value to learning, experience and career opportunities in the Philippines.

Genting-Star Tourism Academy (GSTA) collaborates with TAFE-New South Wales to strengthen and expand the learning pathway to higher education degree and experience for those who wish to pursue a global career in the hospitality industry.

Aiming to be the center of excellence in delivering quality and competency based education, GSTA's partnership with TAFE-NSW will provide the opportunity in the Philippines to obtain an international education without going overseas, spending a great amount of money and leaving a significant support team, family and loved ones, for you to follow your educational dream.

Starting January 2012, GSTA is offering Diploma in Hospitality Management specializing in Kitchen Operations, Food & Beverage Operations and Front Line and Accommodation Services. This program will include structured workplace learning opportunities with industry partners from leading cruise lines and luxury hotels throughout the program. To build on our current successful Certificate and Short courses, GSTA also offers study tours program to enhance students and provide them a better understanding of the different industry workplace setups both local and international such as hotels, cruise lines, resorts and other establishments within the hospitality industry.

We will be happy to assist you, give you more information about our programs for you to get your headstart and prepare you for the world. Contact us through the following:
